

Year of the Dragon

Lam Long

Amidst the year of the dragon's reign,
We revel in mirth and fervent gain.
The dragon ascends with boundless might,
As we embrace a new celestial sight.

Crimson lanterns illuminate the night,
Family united, hearts shining bright.
Drums and cymbals resound with glee,
As the dragon's dance sets spirits free.

Within this Chinese New Year's grace,
May fortune and abundance embrace.
The dragon's presence, a blessing bestowed,
May joy and serenity forever unfold.

Come, let us join in harmony's throng!
